Save sport.
Save history.

A rift in time has opened.
It is causing a string of
catastrophic events that
are influencing our lives.
To close the rift, we need
to rediscover Europe's
sporting heritage before
it disappears and history
is erased. If history is
erased, the next European
Championships will not take
place. Let's save the sport
and history!

The quiet wheel
turns longest.
He showed the world
that power can be silent.

He didn't race.
He calculated, endured,
and won - again
and again.
